MEMORANDUM FOR: Deputy Director.
Office of Economic Research

SUBJECT: Drafts of Military Proselyting Study

Returned herewith are copies of the first (Dec.69) and second (Feb.70) drafts of the above report, as well as Copy No. 170 of the published report. I realize that usually there may be no reason for holding the earlier drafts, but in the present case it may be worth-while to retain these against the eventuality that there may be further need to refer to them.
